STREET SURFING Training offers Orientation and Mobility (O&M) consultation to visually impaired clients age 3 to 90 primarily utilizing Artificial Intelligence (AI) powered glasses in the Pinellas County, Florida area. STREET SURFING instructs clients, caregivers, and institutions in proper Orientation and Mobility techniques, active daily living (ADL) aid use, and Individual Education Plan (IEP) progression. Learning Media Assessments, Clinical Low Vision Evaluations, and Assistive Technology Assessments with video capture from the O&M consultant view are provided with client AI glasses as part of consultation.

As STREET SURFING grows, the Education, Academy, and Mobility Services will utilize Teachers of students with Visual Impairments (TVI) will provide Functional Vision Assessment, Learning Media Assessment, Expanded Core Curriculum (ECC) Assessments.

The STREET SURFING O&M training consists of records review (medical, vision, audiology, functional vision, IEPs, and low vision reports), interviews (with parents/caregivers, teachers, and the student), direct observation (in familiar and unfamiliar indoor/outdoor settings, including school, home, and community), skill testing (body awareness, laterality, positional language, environmental navigation, and mobility), and reporting & recommendations. Utilizing AI glasses provided by STREET SURFING, the companion AI records video, translates, and explains environmental conditions hands-free. Both the client and STREET SURFING O&M consultant utilize AI glasses to navigate various street obstacles and challenges for visually impaired clients.
